

CHEMICAL LABORATORY ASSISTANT / PHYSICAL LABORATORY ASSISTANT / SCIENTIFIC ASSISTANT IN HIGH-TECH RESEARCH COMPANY (M/F/D)

CYNORA is an emerging materials leader in the global information display industry. The organic light emitting diode (OLED) technology is currently revolutionizing the display market by enabling completely new features for smartphones, tablets and TVs. We have pioneered a unique technology to produce ultra-high efficiency emitter systems required for next-generation OLED displays. Known as Thermally Activated Delayed Fluorescence (TADF), the technology promises to reduce power consumption by as much as fifty percent. Our international and multidisciplinary team cooperates with leading display manufacturers worldwide and develops innovative, patented OLED materials. CYNORA is offering a flat hierarchy and exciting opportunities for learning and career development. We are constantly expanding our team of currently about 120 employees and are looking for motivated and talented new colleagues. Shape the future with us!

YOUR RESPONSIBILITIES

- You actively support our research & development in the field of organic light emitting diodes (OLEDs) manufacturing
- Preparation, execution and evaluation of tests for OLED device fabrication in the clean room laboratory
- Acquisition of test data to ensure our high quality standards
- Support in professional troubleshooting and preventive maintenance of laboratory equipment
- Regular cleaning of the laboratory environment and measuring stations to ensure the smooth running of the laboratory
- Collaborating with process engineers and scientists to efficiently perform all experiments in the lab

YOUR PROFILE

- Completed technical or scientific training / apprenticeship in Physics, Chemistry, Mechatronics, Electro mechanic or comparable qualifications
- You enjoy practical and professional work in the laboratory
- You would like to contribute your technical and scientific expertise to the development of the next display technology (OLEDs)
- You have a good command of written and spoken English
- You are communicative and flexible and like to work independently as well as in a team
- Work in shifts (Monday-Friday, no night shifts)

WE OFFER

- Varied and challenging opportunities in a growing and innovative technology company
- Modern and cooperative company culture, characterized by constant progress
- Concerted boost of your skills and expertise
- Flexible working hours and a performance-related salary
- Very good transport connections due to our location in the city center of Bruchsal

YOUR APPLICATION

We look forward receiving your application documents in German or English language, indicating your salary expectations and your possible date of entry by our online application form at www.cynora.com.

The Job-ID of this position is **C98**.
